

Handout 18

MAKING, REMIXING AND SHARING CONTENT

Design a project based on using previously copyrighted material that has been made available under fair use terms. Think about poems, music, illustrations, videos, graphics, maps, artwork etc. issued under a Creative Commons license.

Credit other people's work appropriately that you have included / used.

Choose one of the following methods as the basis for making your project:

- An informational poster
- A script for a podcast
- A photo story using PowerPoint slides with notes
- An audio photo story combining photos with audio
- A script for a short comedy drama piece that involves the audience in the production
- An infographic
